Satisfactory

Social skills and Capabilities  
*You live and work with other people in a multicultural environment, you have a status that implies a good communication or*

Personal activities and responsibilities meant and implied at the same time team work, as a result the capacity to collaborate socially and professionally with managers and colleagues became essential. With every new activity a different social-human environment has created. This fact helped me understand better the multitude of communication techniques and to choose the most efficient

*you develop an activity where team work is essential (for example culture, sports etc).*

ones at the right time.

Organizational skills  
And capabilities  
*For example, you coordinate or lead the activity of other persons, projects and manage budgets, at your work place, in volunteer activities (for example culture or sports etc) or at home.*

Organizational capacity. Skilled in planning professional duties for myself or for coworkers, from the immediate or future priorities point of view, with an important weight in the quality processing of the activity, availability in managing the incomes and spending budget for the working point. These skills have been improved due to the gained experience, as a result of my involvement in the success of any professional duty ,and also as a autodidact

Areas of technical competence

Everything involving meat industry, from designing technological flux ,research and production

Using the computer

Skills in using the computer, in WINDOWS, EXCEL, obtained autodidactically, in the purpose of completing my personal activity

Driving licence

B category vehicles, obtained in 1991
